# 32nd Annual Golf Classic!

# Room 5 Learning About Bugs!

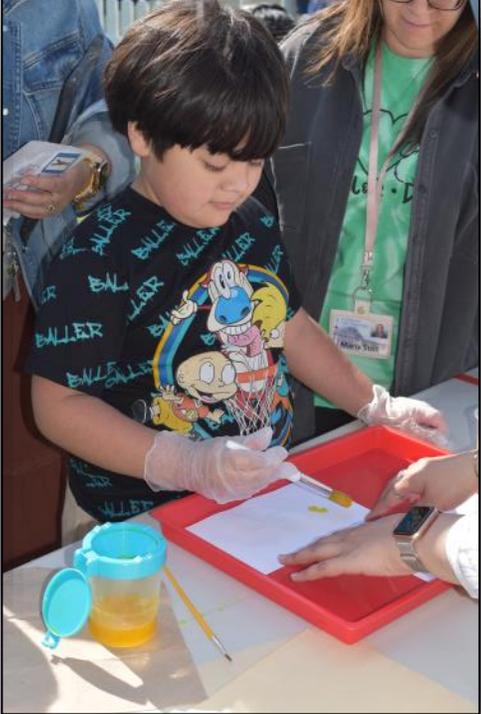

Teacher **Tara Fitzpatrick** and the students Room 5 are learning all about bugs! They had so much fun matching vocabulary words and pictures of bugs! They completed a variety of crafts such as gluing pre-cut tissue paper to make a bug and matching and gluing numbers to a beehive. They worked on fine motor skills and took turns using tweezers to count and transfer pollen (yellow pom-poms) to a beehive (egg carton). They also explored and played with HEXBUGS! They even worked together to use magnetic tiles to build an obstacle course for the HEXBUGS to creep and crawl through!

# Science Fair!

# Science Fair!

# *HLVS Parent Association Staff Appreciation Luncheon*

Thank you to our amazing **HLVS Parent Association** for once again hosting an amazing staff luncheon. The food was terrific. The staff greatly appreciate your support!

# Staff Appreciation Lunch

# Room 80 Learning About Spring

Through a variety of hands-on activities, Teacher **Ann Pulieo** and the children in room 80 learned all about things they can see in the Spring.

# Exciting Happenings in Room 222

Teachers **Pam Trugman** and **Trish Testani** and the children in Room 222 had a great time exploring seeds and learning how plants and vegetables grow and change.

The students also pretended to become veterinarians and learn how to take care of different types of pets. The students went on a bird watch scavenger hunt and had so much fun!

# *Silly Pictures in Room 14*

Teacher **Alyssa Sheridan** and the children in Room 14 took silly pictures and put them in cups and planted grass in the cups to watch it grow green crazy hair. Look how adorable they look!
